SPONSOR

Sponsor the Program Orientation & Host Site Training. Teams from each site with at least 2 adults and 3 youth (50-60 people) will convene to dive deep into the curriculum. Sites will be engaged in a 3½ day session where they learn new ways to conduct local research, how to set grant themes and priorities, raise funds from the local community and other young people, and promote grant opportunities.

*M-A-T-C-H M-A-T-C-H*

Provide Matching dollars. Youthprise makes an initial investment of \$10,000 for each host site. In addition, sites will have the opportunity to receive an additional dollar for dollar match up to \$15,000 for funds raised, growing the dollars to increase impact and expand the amount of resources that go back into the community.

[build]

Assist in the development of new tools and resources. Through developing tools you can assist the training of the host sites and help build the YouthBank curriculum. Technical assistance is key to the sustainability and quality of each YouthBank experience.

EXPAND

EXPAND

**You** can help to expand the number of YouthBank host sites & reach more young people. YouthBank sites can be defined by geographic location, topics or issue areas, or self-initiated by groups of young people with commonalities.

Reach Libby Rau through email to get more information on how you can get involved. [Libby@youthprise.org](mailto:Libby@youthprise.org)
